

Utah Landscapes Photo Tour

EQUIPMENT CHECKLIST:

I recommend you bring the following to photograph southern Utah's beautiful scenery and night skies. You may not own it all and that's completely okay; this checklist is simply meant to guide you as you prepare for our upcoming adventure. ~ Jeff

JParker@ExploreinFocus.com ~ or ~ (512) 378-3355

CAMERA

- Memory card(s)* (Nowhere close to buy more!)
- Battery(ies)
- Battery charger
- Cable release

LENSES & RELATED

- Something in the 20mm range (e.g. 15-28mm lens) – for Milky Way shots
- 24-70mm or similar for general landscape use
- Any other lenses you'd like to use (any questions – please don't hesitate to ask me 😊)

TRIPOD

- Ball head

MISCELLANEOUS

- Backpack or other way to carry items to shot locations
- Flashlight for light painting
 - If you desire, bring different colored bulbs or cellophane/gels for covering the flashlight to "play" during light painting
- Headlamp for shooting in the dark
